sunumu

The background is a dark blue gradient. It is decorated with various geometric elements: thin white vertical lines of varying lengths, small squares in solid colors (pink, orange, teal) and as white outlines, and a few small white dots. The text 'Model' is in white and 'eğitimi' is in orange, both in a sans-serif font.

The background is a dark blue gradient. It features several thin, vertical white lines of varying lengths scattered across the frame. Interspersed among these lines are small squares in three colors: light blue, light orange, and light pink. Some squares are solid, while others are outlined. The overall effect is a minimalist, modern aesthetic.
